

CREATIVE CONNECTIONS IN EDUCATION

We are an innovative educational center that provides unique learning experiences designed to create connections that foster growth of the whole child. We specialize in developing effective researched based strategies and programs that address differing needs of individuals.

Creative Connections Educational Center offers a collaborative approach to meeting the needs of our clients. We utilize effective staff consulting teams, research based intervention, parent and community partnerships. Our focus is on replacing traditional systems of learning with effective, collaborative and creative methods of reaching and teaching the mind and spirit. We provide initial skill assessments, progress monitoring and ongoing program development.

We empower youth to become leaders in school, communities, and life through collaborative partnerships with families, communities, businesses, educational institutions and organizations.

CONNECT 2 SUCCESS

- Reading Tutoring
- Writing Tutoring
- Math Tutoring
- Organization & Study Skills

Our Connect 2 Success program provides student assessment, tutoring and progress monitoring. We offer individual and group sessions.

We understand that by identifying opportunity to make the right connections, children will learn and grow. Our caring, supportive staff provides a nurturing environment that encourages learning.

DESTINY

- Career Connections
- Community Connections
- Mentoring
- Apprenticeship

Our Destiny program offers mentoring and empowerment programs that focus on replacing negative scripts and traditional methods of learning with non-traditional, collaborative, creative methods of reaching and teaching the mind and spirit.

We also offer youth and family services through community partnerships, parent enrichment and resource workshops. This program provides a myriad of opportunities that exist to meet the individual's needs for personal development.

S.O.A.R.

SUCCESS - OUTREACH - ACHIEVEMENT - RESPONSIBILITY

- Leadership Development
- Character & Life Skills
- So.B.E. (Social, Behavioral, Emotional)
- Student Outreach

In the S.O.A.R program we address all dimensions of learning to close gaps while increasing social, emotional, behavioral and academic achievement. As a collaborative educational team, we provide services to students and families.

We believe in educating the whole child through creative connections that close the gap of learning in school, home and life.
